Members of European Parliament on the Internet!

Have you ever wondered how it feels like to decide the fate of Europe? Thanks to the new game by Polska Fundacja im. Roberta Schumana you now have the chance to try your luck and become a virtual European leader.

Polska Fundacja im. Roberta Schumana launches the Internet game "Become a MEP" [www.bemep.eu], which will enable you to put yourselves in the shoes of members of the European Parliament. You will be able to try your skills in politics and negotiations, create parties and coalitions, predict vote outcomes, participate in interactive trainings and chats. Thanks to the various language versions (Polish, English, French), you will compete with participants from all over Europe, and the best will be rewarded with valuable prizes and holidays.

The Game kicks off on 2nd of October and ends in March 2007. Polska Fundacja im. Roberta Schumana and partners of the project have prepared many surprises and attractions. In addition, Members of European Parliament from Poland and abroad have pledged their cooperation. You can register now at the Game website [www.bemep.eu].

The project is realized in cooperation with the European Parliament, Fundacja Konrada Adenauera w Polsce, Robert Schuman Foundation in Paris, and Fundacja Edukacji Rynku Kapitałowego. The media patronage is supplied by PC Format, gazeta.pl, euroobserver.com, and cafebabel.com.

Become the best Members of European Parliament – allow yourselves to be caught in the net!
